1. OVERVIEW OF THE PURCHASING CARD PROCESS

WPC is a MasterCard badged charge card provided by the Royal Bank of Scotland ('the Bank'). Its use reduces paperwork and administration when ordering and paying for goods and services, and hence improves the efficiency of the procurement process.

WPC may only be used for business purposes and purchases you are authorised to make as part of your duties on behalf of the National Museum Wales. Should the WPC be erroneously used for personal purposes, the WPC Administrator must be informed immediately the mistake is discovered and reimbursement of the amount made as soon as possible to the Finance Department.

The WPC Administrator will conduct all dealings with the Bank.

WPC holders are in a position of trust in regard to the use of public funds. Each cardholder is issued with a copy of these Conditions of Use and details of the financial limits under which they can operate. WPC should be used in accordance with these conditions and any failure to do so will lead to withdrawal of the card.

2. SUPPLIERS

WPC can be used with any supplier accepting MasterCard. A condition of your use of the card is that you seek value for money. A record of all your transactions will be available for you to view on line. (See 6 below.)

3. TRANSACTION LIMITS

Your WPC will be subject to these financial limits:

- Transaction Limit Applies to any one transaction and is inclusive of VAT and any additional charges such as packing and carriage.
- Monthly Limit Maximum credit allowed on your WPC in the monthly period ending on the 3rd of each month. It will automatically be re-set the next day.

You will need specific authorisation from the WPC Administrator before any changes to the above limits. The Bank needs one day's notice from the WPC Administrator to implement those changes.

You should note than the most likely reason for non-acceptance of your card is that the transaction would have taken your spend over the monthly limit. Although this is not the only reason and the WPC administrator can check the reason for the decline with the bank.

4. HOW TO USE YOUR WPC

Placing orders

Purchases can be made by phone, fax, on-line and face-to-face. On-line purchases should only be made on secure web sites indicated by either "https:" or a pad-lock symbol at the bottom of the page.

WPC - Conditions of use for Cardholders

NB. You maybe using the card for travel and subsistence spend, the T&S rates published on the intranet still need to be followed, the card cannot be used as a method to bypass these rates. Finance will continue spot checks on card spend and investigate any anomalies.

You may be required to give the supplier the last three digits of the number printed within the signature strip on the reverse of the card (CVV Number) – this is fine. Under no circumstance should you disclose your 4 digital PIN code to anyone, even people from the bank, they have no record of this and can't use it for identification.

When ordering, you must ascertain the full (inclusive of VAT, delivery charges, etc) cost to be charged to your WPC. You should not split transactions in order to breach your single limit. Should your card be refused you should ask the WPC Administrator to contact the Bank. The supplier will not know why the WPC has been rejected.

In all instances you should tell the supplier <u>not</u> to send an invoice separately to Finance. (This will avoid the potential risk of making a duplicate payment). You should ask the supplier to send a VAT receipt for your attention to your department – it must be a VAT receipt otherwise we cannot reclaim the VAT and your department will pay the full costs of the goods or service.

Keeping records

You must be able to check that the cost of the transaction is correct.

For all non face-to-face transactions (where you will not have a receipt or card slip) you should make a note of what you have purchased and the cost for reconciliation against the online record. All VAT receipts, delivery notes and invoices should be retained to support the transaction and passed to Finance, by the 15th of the following month, attached to a printout of your statement. It is advisable to print out the order confirmation screen for any on-line transactions.

5. QUERIES ON GOODS OR SERVICES

The WPC can be used with any supplier accepting MasterCard Cards.

MasterCard and Visa rules forbid suppliers charging for goods before despatch or for services not yet provided. You are responsible for resolving any issues over goods or services with the supplier in the first instance. You should note any disputed transactions to ensure that they are resolved to your satisfaction or an appropriate refund appears in the on-line record. Any refunds due on transactions, i.e. for goods returned or not received, will be credited to your WPC. Should you be unable to resolve an issue with a supplier the matter should be reported to the WPC Administrator who will ask the Bank to re-credit your account and seek reimbursement from the supplier or clarify the on-line record.

6. ACCOUNTING FOR TRANSACTIONS

You can view your transactions at any time on-line at www.reports.natwestone.com. This is a secure, password protected, online reporting tool Transactions will normally appear within 48 hrs. You must regularly check your transactions on-line and ensure that:

WPC - Conditions of use for Cardholders

- all entries correspond to purchases made by you;
- the prices paid are correct. If there is an unaccountable discrepancy in the amount billed then you should raise the matter with the supplier;
- spend is correctly allocated to account codes and the expense description box is completed with brief details of the purchase; and
- the Cardholder review box is ticked. This confirms that you have confirmed that the charge to the account is correct.

7. CARD SECURITY

Your responsibilities

The WPC is in your name and for your exclusive use. You are accountable for all spend on the WPC and responsible for its security. It should not be used by anyone else nor should the WPC number be revealed to any person other than a supplier.

Any suspicion of illegal use of your WPC by others should be reported immediately to the WPC Administrator.

Lost/stolen cards

If you lose your card or it is stolen, advise the Bank immediately (they operate a 24-hour customer service) by telephone.

Tel: Royal Bank of Scotland 0870 6000459

You will also need to alert the WPC Administrator.

Cardholder Liability

Whilst the WPC is embossed with your name, the account and therefore the liability is in the name of the National Museum Wales. Consequently there is no impact on your personal credit status.

8. LEAVING NATIONAL MUSEUM WALES

You must stop using your WPC no later than 7 days before termination of your service with National Museum Wales, cut your WPC in two and pass it to the WPC Administrator.

9. AUDIT

Your transactions will be regularly reviewed by the WPC Administrator and be subject to random checks to ensure that the conditions of use are being adhered to. Records will also be subject to the normal internal and external audit procedures.
